

## THE OIL FIELDS.

The Rig of a Well in the Elk Fork Territory Burns.

### IMPORTANT WELL AT ELK FORK

Has Been Abandoned Through Loss of the Tools, and a New Hole will be Put Down—The Travis Well Drilled to the Big Injun, and is Dry in that Formation—Activity Manifested in the Sancho Territory—Late Developments.

Tuesday evening while a torpedo man from Sistersville was putting a small shot in one of the wells on the Pipes farm of Henry & McDonald, in the Elk Fork field, he set fire to the rig and it was burned to the ground. Frank Brown, who was in the rig at the time, was severely burned about the hands and face and is in a very serious condition. During the past two weeks there has been quite a number of accidents of this kind in the oil field and it would seem from the reports received from the most of them, that carelessness is the cause of all the trouble, although this was not the cause in this conflagration.

The South Penn Oil Company, which has had a fishing job at their well on the Boreman-Srouse tract to the east and south of the Elk Fork pool, a distance of about a mile, have plugged the hole and will now be compelled to move the rig and start a new one. The first hole was down about nine hundred feet when the tools were lost. This well is one of the most important wild cats drilled in the southwest and was being watched very closely by those interested in the territory. It will be delayed about a week.

The Henry Oil Company's No. 3 on the Joseph Williams farm, which was drilled in a few days ago and reported good for thirty-five barrels an hour, is not good for more than two hundred barrels a day. This well is almost due west of the big ones on the Pipes farm and is about a half mile from the wild-cat drilling on the Hill farm. The Hill well will put in the next string of casing this week and should reach the sand by the first of next week. This well is the farthest to the west of any that are drilling at present and it will test the territory in that direction.

The well drilled on the Travis farm to the northwest of the Elk Fork pool, mention of which was made a few days ago, has been drilled to the Big Injun sand by the owners, J. M. Guffy & Co., and it is dry in that formation. This well is fully two miles ahead of developments to the northwest.

There is considerable drilling being done in the Sancho territory at present and some wells of importance are being drilled in it. In this territory Raney & Company are due in the sand with their No. 1 on the J. C. Leasure, and it will probably be drilled into the pay today. There have been several locations made recently in this pool.

Hulings & Company have a bad fishing job at their No. 1, Hawkins, and it looks very much now as though they had plugged the hole and would be compelled to move the rig and start a new well. During the next couple of days there will be several wells due in the Elk Fork field, but they are all in defined limits and will not be of importance. The Magnolia Oil Company's No. 7 on the Farrel farm is drilling at four hundred feet, and Henry & McDonald's No. 7 and 11 Pipes are drilling at five hundred and six hundred and fifty feet, respectively. The Henry Oil Company's No. 4 on the Joe Williams farm, has been rigged up and drilling will be commenced within the next few days.

Since the drilling in the Neely well in the Wilson Run territory there has been a falling off in the value of property in that section, and it is not a hard matter to get a good lease at a fair figure.

### THE D. O. K.

Dahna Temple No. 64 Arranging for Another Pilgrimage.

Dahna Temple No. 64, D. O. K. met at Pythian Castle last night and transacted some important business, including the changing of the admission fee from \$8.50 to \$10.

A number of applications for membership were read and it was decided to hold another meeting for the purpose of initiating some of the Pythian brethren who have not yet reached the "top notch" degree, about the first week in October, probably Wednesday, October 6. A committee of five was appointed to arrange for the usual banquet and parade which always attends these ceremonies. It is expected that the number of Tyros to cross the burning sands will be at least twenty.

A communication was received stating that a new temple of the D. O. K. K. is to be instituted at St. Clairsville, and that Dahna Temple would be asked to participate in the exercises. The institution will take place about the second week in October and Dahna Temple will attend in a body.

**The Florence Crittenton Rescue Home.** We wish to say to our friends and the public that there is but one Florence Crittenton Rescue Home in the city, corner of Market and Ninth streets, under the management of Sister Eleane.

Sister Eleane has received special training at Moody's Northfield school, which is under the direction of Sister Charlotte, who is at the head of the Crittenton work in Philadelphia.

The ladies of the board hope under the efficient training of Sister Eleane, in a few months, to send out recommended domestics, converted and saved. The Home has been in our midst two and a half years. Many girls have been led to see the folly and sinfulness of their lives.

We can point, with thankfulness, to God, to many, many girls thought by their friends to be hopeless, that have been reformed.

Girls returned to their homes some after years of sinful lives, others mourned as dead.

One girl, after two relapses to a sinful life, has gone into training for work in the Christian Alliance.

The Home is always open to visitors who will be welcomed by our matron, any time during the day or evening. Contributions of clothing, money, shoes and groceries needed, and will be gladly received.

The board is composed of the following: President—Miss A. E. List. Vice President—Mrs. Jennie Haxlett. Treasurer—Mrs. Jennie Haxlett. Assistant treasurer—Mrs. D. C. List. Secretary—Mrs. Isiah Warren. Mrs. E. V. Hicks, Mrs. S. A. Allen, Mrs. Charles Reed, Mrs. Parkhurst, Mrs. J. P. Rose.

The board and the matron are the only ones authorized to solicit for the home.

9100—To Parkersburg—\$1.00.

Sunday, September 5, the Ohio River Railroad will sell excursion tickets to Parkersburg at rate of \$1.00 for the round trip. Tickets will be sold for train leaving Wheeling at 6:30 a. m. returning, special train will leave Parkersburg at 7 p. m.

## THE RAILROADS.

M. B. Cutter, superintendent of the Pittsburgh and Wheeling divisions of the Baltimore and Ohio railroad, resigned Tuesday. Mr. Cutter has given no reason for his resignation, which was purely voluntary. There was an impression in railroad circles that the resignation was due to the appointment of William Gibson as assistant general superintendent, says the Pittsburgh Commercial. Mr. Gibson will be located in Pittsburgh, and have complete control here, and Mr. Cutter's resignation coming at the time when Mr. Gibson takes charge led many to believe that Mr. Gibson had displaced Mr. Cutter.

Oscar G. Murray, receiver of the road, denies this flatly. He said that the step was made with a view to assisting Cutter and give him more time to attend to the work on his divisions, and that he was expected to stay. Mr. Cutter has asked to be relieved immediately, but it is not likely that his successor will be appointed for some time.

M. B. Cutter has been superintendent on the Baltimore & Ohio for about five years. During that time the road has made wonderful progress at Pittsburgh. The business has more than doubled on this division. Before Mr. Cutter took charge none of the through traffic on the Baltimore & Ohio ran through Pittsburgh. Now over 50 per cent goes through the smoky city, and Mr. Cutter said that he expected that eventually 90 per cent of all through business of the road would be via Pittsburgh.

Mr. Cutter was born in Boston, but came to Pittsburgh from Louisville, where he had been in charge of the Huntington lines to New Orleans. Mr. Cutter said that he could not say whether he would remain in Pittsburgh or not, as his business arrangements are not yet completed.

### Will Observe Labor Day.

The Cleveland & Pittsburgh railroad will observe Monday, September 6, the Ohio labor day. By shutting off all freight trains, freight trains will be annulled and freight depots closed on this day.

### Another Cleveland Excursion.

The Pennsylvania company will run a special excursion train to Cleveland and return on next Sunday. Train will leave Bellaire at 5:45, Central time. The fare for the round trip will be \$1.50.

## AMUSEMENTS.

The opera house season was opened auspiciously with Keene in "Richelle" as the attraction last evening. The audience was an enthusiastic one, though not as large as some that have greeted the well-known tragedian here. Of Mr. Keene it is not necessary to utter praise, for his impersonation of the great cardinal is considered his best work by many of his admirers. He was twice cheered and called. Miss Lucia Moore made a beautiful and touching "Julie," and Mr. Hanford de Mauprat was a finished piece of acting that justified the applause that was accorded his work at several of the climaxes. In fact, Mr. Keene's entire support is worthy of the star they surround.

### Hats Off, Ladies.

Just as one enters the opera house at the main entrance, he (and she in this case) is greeted by a sign prominently displayed on the wall. It is as follows: Be it Enacted by the Legislature of West Virginia:

Section 1. That no person attending any performance at any theatre, hall or opera house, or any such building where theatrical or other performances are given, when an admission fee is charged, shall wear upon his or her head any hat, bonnet or covering for the head which may obstruct the view of the audience, or during the performance in such theatre, hall, opera house or other building where such performance is given; and if any person wear upon his or her head any hat, bonnet or other covering for the head which may obstruct the view of any person or persons, and refuses or fails to remove the same at the request of any person or persons whose view may be obstructed, he or she shall be guilty of a misdemeanor, and shall upon conviction be fined not less than two nor more than ten dollars.

Section 2. This act shall be in force from and after its passage.

### The Veriscope.

Many points about the great globe contest that took place at Carson City, between Corbett and Fitzsimmons, were not particularly remarked in the newspapers until after the exhibition of the Veriscope pictures of this contest. The most widely discussed points in the contest were the counting of the referee when Corbett had Fitzsimmons down in the sixth round and the alleged foul blow struck by Fitzsimmons when Corbett was down in the fourteenth round. There have been many arguments regarding these two points, both for and against since the initial exhibition of these pictures at the Academy of Music in New York, and it will be gratifying to the citizens of Wheeling to hear that the Veriscope pictures with the original films of the contest, which were produced in New York and during the long run at the Boston theatre, will be seen here next week. They will be on exhibition at the Wheeling Park four weeks, commencing Monday.

### "Old Glory."

Lovers of high class melodrama will be pleased to learn that they will be given an opportunity during the first half of next week, of witnessing Brady and Corbett's masterpiece "Old Glory." It will be given for the first time in this city at the Grand Opera House, as a special offering for fair week, to the patrons of that popular play house. It is promised that it will be produced with the same elaborateness of detail, and the same wealth of scenic effects which marked its production in the larger cities. Special scenes show the destruction of revolving lighthouse in Chilean waters, and a very vivid and realistic naval battle, in which Uncle Sam's blue coats prove victorious. The company includes such well known artists as Joseph R. Kettler, Thaddeus

**ITCHING SKIN DISEASES**

REDDY COIN TREATMENT for itching, disfiguring, itching, burning, and scaly skin and scalp diseases with loss of hair. Warm baths with cod-liver oil, gentle applications of Curicura (containing), and full doses of Curicura Resolvent, greatest of blood purifiers and humor cures.

**Curicura**

Gray, Oliver Labadie, Frank Herrick, Bernard Thornton, Carrie Newcomb, Cora Wilmet, Bessie Danty and others.

### "In the Name of the Czar."

The next attraction at the Grand for three nights, beginning this evening, will be Dell S. Smith's production of George C. Jenks' beautiful Russian play entitled, "In the Name of the Czar." The play and company come highly endorsed by the press wherever they have appeared. The action of the play, taking place in Russia, gives opportunity for grand stage setting, beautiful costumes and strong dramatic action. The manager assures the public that these have been carried out in every detail, a car-load of beautiful new scenery and mechanical effects being required to produce this play. The company is strong, including such well-known names as Lettie Allen, Frank Wolcott, James R. McCann, Lizzie Kendall, Jerry Keenan, and the favorite comedian, Gus Bruno. These and other competent players make up the cast.

### Contorno's Famous Band.

Dr. G. E. Contorno is one of the very few musical authors who possesses the rare genius of composing music of all description, such as marches, waltzes, fugues, symphonies, operas and oratorios. His style of composition is every style, his productions are prolific and number upwards of one hundred and twenty-five. He has written some of the most enchanting waltz-music; his songs and ballads are pathetic and touching, his marches, inspiring and martial, while his oratorios and operas are profound and masterly creations. Recently he has been awarded a gold medal, harmony, with him, is a gift of learning and scholarship. To-day, Dr. Contorno stands among the foremost and best known composers in America and Europe, though he is only twenty-nine years old, and has a long life of future successes before him. Recently he conceived the idea of composing a patriotic musical spectacle which should be essentially American, and thereby appeal to the nation at large. The idea was greatly encouraged by his many friends, and he proceeded to work on the piece. The result of his unflinching energy has borne its fruit, and is considered one of the most popular and interesting pieces produced before the public to-day. It will be the attraction at Mozart Park, next Sunday and Monday.

**Narrow Escape from Drowning.** Two boys who live in Upper Benwood, named Fred Ebeling and George McElroy, had a very narrow escape from drowning yesterday afternoon. They were out in the river in a "John boat," and tried to catch a passing steamer's waves, but got close to the boat and their craft was sucked under the guards. The boys had presence of mind enough to catch on to the side of the boat, where they hung until the boat was landed on the Bellaire shore, when they were rescued from their perilous position. The "John boat" was smashed into kindling wood by the wheel.

### Recent Pensions.

Special Dispatch to the Intelligencer. WASHINGTON, Sept. 1.—Pension certificates were issued to-day as follows: Reissue—James C. Thomas, Hartford, Mason county, W. Va. Original—George Allen, Steubenville, Ohio.

### Along the Landing.

Engineers Baylor Spratt and Arden Andrews, who served their apprenticeship with veteran Chief Engineer Lee Andrews, of upper Mississippi river, are hired by the year by a Chicago company, to go to the river Yukon, in Alaska, the company having purchased the steamer Valley City, of Toledo, Ohio. She has been taken apart and will be shipped by rail to Seattle, from thence by vessel to the mouth of the Yukon. Spratt left Toledo Saturday and Andrews last night, and will meet at Chicago. On their arrival at St. Michaels, Alaska, they will put the boat together, and when navigation opens, she will plow the waters of the Yukon as a passenger steamer.—Evansville Journal.

Captain William Martin, of the Davis Island dam, has gone to the Kanawha river to inspect the government work on that stream. The new movable dam being built at various points are nearly completed, and Captain Martin is in view of the fact that he will have considerable of the work to look after in the contemplated improvements on the upper end of the Ohio river.

Yesterday morning at 6 o'clock the Wheeling wharfboat of Crockett & Booth was taken in tow and sent to Parkersburg, where it will be placed on the dry docks and given an overhauling. In the meantime the wharfage business will be conducted at the public landing.

The marks at 6 p. m. showed 2 feet 8 inches and falling slowly. Weather cloudy and warm.

## TILLMAN'S WILD SPEECH.

He Affected to See Everything Going Wrong in this Country.

NEW YORK, Sept. 1.—United States Senator Benjamin R. Tillman addressed a political meeting last night at Ridgewood Park, Brooklyn, under the auspices of silver Democratic organizations. Senator Tillman made a characteristic speech. He said, in part:

"The Democracy went down before the corporations, and so surely as the people are true to themselves, true to Democracy, so surely will William Jennings Bryan, in 1900, be swept into the President's chair. Unless the people of this country take their affairs into their own hands, instead of allowing millionaires and capitalists to legislate for them, they will pretty shortly have the militia and the United States soldiers at their throats, just as you see to-day the militia and the soldiers of the United States ready to spring at the throats of the miners in the coal regions, and to shoot them down. If you want to preserve this republic, you've got to wake up."

Senator Tillman then referred to the action of the "So-called Democrats" of New York last year, who were afraid to go to Chicago to meet the anarchists (laughter) until they were fortified by a few millionaires, such as William C. Whitney and Perry Belmont. Mr. Tillman sneered at the Democrats who wanted to keep national questions out of the local issue this year, and said that such men could not be counted in the ranks of the true Democracy, and had better go over to the Republican party. Mr. Tillman scorned the idea that dollar wheat meant prosperity, and pointed out that it was entirely due to the failure of the wheat crop in Europe, and that there could be no prosperity until silver was remonetized. He reminded his hearers that there were no Democrats but the Bryan Democrats.

### HEIR TO \$2,000,000.

Good Fortune of a Young Miller of Los Angeles.

OAKLAND, Cal., Sep. 1.—Fred Horton, a young flour miller of Los Angeles, has fallen heir to a fortune amassed by his father, Philip Horton, a well-known Californian, the news of whose sudden death three weeks ago has been received by relatives in Oakland, through the United States consul at Guaymas.

The father and son have been separated for many years. The youth, now about ten years of age, was a child when his parents were divorced. The mother, who subsequently remarried, took the boy with her and the father left California. He settled in a Mexican town near Guaymas and there established a flour milling business. By thrift and industry he accumulated a large estate, the value of which has been reported as \$2,000,000.

### A West Virginian's Success.

Special Dispatch to the Intelligencer.

WASHINGTON, Sept. 1.—The order for the promotion of Warner Stutler to the position of superintendent of street and alley cleaning for the District of Columbia was issued by the commissioners this afternoon, to take effect to-day. As heretofore stated in the Intelligencer, the promotion was made strictly upon merit. Mr. Stutler began several years ago in the humblest position in the department and by successive steps has advanced to the position of superintendent. The position is one of importance, the disbursements of the department reaching a sum in excess of \$200,000 annually. Mr. Stutler is a native West Virginian, his legal residence being held in Doddridge county.

### Hot School Fight.

SPRING VALLEY, Ill., Sep. 1.—The Spring Valley schools opened to-day, guarded by the entire city police force. The wielders of clubs patrolled the school yards while crowds on the outside peered at them through the fence pickets. The new teachers hired by the school board, many of whom do not live here, have many things against them. The old teachers who were reinstated by the anti-company members, seem to have the sympathy of the pupils. In many rooms the children refused to recite their lessons for the new teachers. The fight between the contending factions is also warm.

### Outbreak of Mohammedans.

MADRAS, Sep. 1.—An outbreak is reported among the Mohaphs, or fanatical Mohammedans of the Malabar coast. It has not yet assumed serious proportions. Malabar is a district of India in the Madras presidency and on the west coast of India; but the term Malabar coast is also applied to the west coast of India in general.

### Bishop Rulison's Sudden Death.

PHILADELPHIA, Pa., Sep. 1.—A special to the Evening Telegraph from Wilkesbarre, says: "A cablegram received to-day by Rev. Dr. H. L. Jones, from Mannheim, Germany, announces the death there of Right Rev. Bishop Rulison, of the diocese of Central Pennsylvania. Protestant Episcopal church, after an illness of a few hours."

### Married Millions.

SAN FRANCISCO, Sept. 1.—Miss Margaret Craven, the pretty and talented daughter of the woman who is fighting for a million dollars of the Fair estate, was quietly married this morning to Henry Koehler, a rich brewer of St. Louis. Miss Craven attained great success as an actress in various companies in the west.

### Will Side with United States.

VICTORIA, B. C., Sept. 1.—The Japanese papers state that a commissioner is to be sent by the Japanese government to the Washington sealing conference this fall and that he will be instructed to side with the United States as to the remedial measures for the preservation of seals and otters.

IN cases of burns, sprains, scalds, or any of the other accidental pains likely to come to the human body, Dr. Thomas' Electric Oil gives almost instant relief.

## MEN CALL WOMAN A MYSTERY.

So She is to Them—Not so to a Woman.

A Woman's Knowledge Saves Mrs. Ebbert From an Operation.

A woman understands women as a man never can hope to. For this reason Mrs. Lydia E. Pinkham, of Lynn, Mass., now known all over the English-speaking world, set to work to help her sex.

After long and patient investigation, Mrs. Pinkham confirmed her own conclusions, namely: that seven-eighths of the sufferings of women are due to disorders of the uterine system. Reasoning on this line, she saw that the only preventive of early breaking down, was a specific medicine which would act alone on the female organism.

This was why she prepared her excellent Vegetable Compound, which has been such a boon to thousands and thousands of women. If you have headaches chiefly at the top of the head, and are troubled by painful menstruation, dizziness, sleeplessness, backache, and that bearing-down feeling, Lydia E. Pinkham's Vegetable Compound will tone up your whole system. Mrs. Chas. D. Ebbert, 350 Wood St., Reading, Pa., testifies to the great power of the Compound.

"Mrs. Pinkham—I can say that your medicine has cured me of the pains and troubles which I had. My case was a very bad one, and puzzled the doctor. My womb had fallen and I had terrible pains in my back and hips. I could hardly walk. My husband went to our family doctor, and he prescribed medicine for me, but I found no relief, and grew worse instead of better. The doctor examined me and wanted to perform an operation, but my husband would not consent. Seeing the advertisement in the paper, I got a bottle of Lydia E. Pinkham's Vegetable Compound, and before I had taken half of the second bottle, I felt like a new woman. In all I have taken four bottles of your medicine, and can say that I am entirely cured. I hope that every woman suffering as I did, will follow my advice and take your medicine at once."

### MARTIN'S FERRY.

Haps and Mishaps in the Thriving City Across the River.

Mr. Herman Kriger, our accommodative expressman sprung quite a surprise upon his numerous friends. Yesterday morning he sloped away to Clarington and at high noon was united in marriage to Miss Linda Ebert, a fair daughter of that place. The happy couple on their return, expect to reside on West Hanover street.

Mr. Charles Liphart was surprised last night in a most pleasing manner, by a party of about twenty couples of his young friends. The affair was in honor of his twenty-first birthday.

At a congregational meeting held in the Presbyterian church last night, it was decided to hold the services, both morning and evening, in the Opera House next Sunday.

Will A. Miller, the new manager of the Opera House, arrived in town yesterday. He expects to open the house on the evening of September 18, with "Side Tracked."

A great many of our young men are out of town on hunting expeditions. Yesterday being the first of the hunting season, they took advantage of it.

Mrs. Forrest Gatchell and children leave to-day for their home at Washington, D. C., after visiting friends for several weeks in this vicinity.

The school board will meet to-morrow night to decide upon opening the last room that is vacant in the new Central building.

The barbers of this city and Bridgeport are taking steps to effect an organization in order to maintain a uniform price.

Miss Sue Dittmar will entertain a number of her school friends to-night, at her home on Jefferson street.

Mrs. Charles Morris arrived last evening from a two week's visit with friends at Hillsboro, Pa.

Miss Eloise Long, of Washington street, is entertaining Miss Bess Gibson, of Powhatan.

Mrs. Wilson and Mrs. Fulton, of Warneck's Station, are visiting Mrs. J. M. Blackford.

Miss Sunderland, of the Mountsville schools, is visiting Miss Maggie Pennington.

Mrs. George Robinson left for St. Clairsville yesterday, to attend the fair. Miss Jennie Myers, of Toronto, is visiting Miss Little Dean.

MOMENTS are useless if trifled away; and they are dangerously wasted if consumed by delay in cases where One Minute Cough Cure would bring immediate relief. Charles R. Goetz, Market and Twelfth streets; Chatham Sinclair, Forty-sixth and Jacob streets; A. E. Schiele, No. 697, Main street; Exley Bros., Penn and Zane streets; Bowle & Co., Bridgeport.

### Buying a Stove.

Is an important undertaking. If you get an unsatisfactory article, there's misery ahead of you all winter. Some stoves cook well, but eat up an awful amount of coal. Other stoves are economically inclined in this respect, but won't bake well.

THE CLIMAX is built of good solid stuff. It doesn't require an awful amount of coal—it bakes beautifully, and its price is low.
